

Kenyama AIDS Orphan House

Because of the AIDS crisis in Zambia, one half of the population is under the age of 16. When you travel into the streets you are taken back by all of the children you see, many of them are homeless. But an even greater consequence of this epidemic is the heart breaking fact that many children are orphaned. In some cases, both the mother and the father have died of various diseases. Action International has founded a home for the care of these precious children. You will see below some of the infants that are in the Kenyama home for orphaned infants. This is another opportunity for you to become involved with those who are in desperate need. Would you give generously to help care for these children? We will see to it that every penny that comes to us will go to Action to be sent to this home where God's love is poured out on those who are in greatest need. Thank you for joining us in giving. You may send your checks to GIVE THAT BOOK, Box 1348, Nixa, Missouri, 65714; or, make use of our Paypal service.
